INDEPENDENT AUDITOR'S REPORT

South Georgia Conference of The United Methodist Church Macon, Georgia

Ladies and Gentlemen:

We have audited the accompanying financial statements of the South Georgia Conference of The United Methodist Church (a nonprofit religious organization), which comprise the statement of assets, liabilities, and net assets-modified cash basis as of December 31, 2019, the related statement of support, revenue and expense-modified cash basis, and the statement of change in net assets - modified cash basis for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

South Georgia Conference of The United Methodist Church Page Two

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of the South Georgia Conference of The United Methodist Church as of December 31, 2019, and its support, revenue, expenses and changes in net assets – modified cash basis for the year then ended, on the basis of accounting described in the Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, in conformity with the accounting practices permitted by the General Conference of The United Methodist Church, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of support, revenue and expenses and changes in net assets – modified cash basis on pages 14 through 18 and the schedule of changes in net assets – modified cash basis on pages 19 through 21 are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with modified cash basis of accounting, in conformity with the accounting practices permitted by the General Conference of The United Methodist Church. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The accompanying financial statements include the assets, liabilities, net assets and financial activities of the South Georgia Conference of The United Methodist Church (the "Conference"), an organization providing services at a level of administration beyond the individual local churches. The Conference is composed of approximately 584 United Methodist local churches, grouped into six districts, located in the southern half of Georgia. Through the Conference, the membership provides support for programs beyond the local church, such as for United Methodist colleges and universities in Georgia, and for ministerial salary supplements at smaller churches. Support also is provided to the Southeastern Jurisdictional and General Conference of The United Methodist Church, and programs organized and administered by those conferences, such as missionary programs worldwide.

Fund Accounting

To ensure observance of limitations and restrictions placed on the use of resources available to the Conference, the accounts of the Conference are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purposes. Separate equity accounts are maintained. In the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund group. This fund basis of presentation is not in conformity with generally accepted accounting principles.

Each line item on the Conference's Statement of Support, Revenue and Expenses – Modified Cash Basis is an individual fund or is a summary of several individual funds. The individual funds are also classified into two types (four groups): (a) budgeted versus nonbudgeted, and (b) restricted versus unrestricted.

Budgeted funds are those for which the Conference adopts an annual formal financial plan (a budget) showing anticipated support and revenue and proposed expenditures for the individual funds and apportions the estimated revenues to member churches by sending requests for support and contributions. Nonbudgeted funds are those for which no specific dollar amounts of annual revenue or expenditure are estimated, although the programs represented by funds in this group are included in the Conference's planning process. Funds in either group (budgeted or nonbudgeted) may be restricted or unrestricted.

Restricted funds are those for which unexpended monies at the end of each annual accounting period are carried forward in an individual net asset accounts and in future periods may be expended only for the purposes for which the fund was established. Unrestricted funds are those for which unexpended monies at the end of each annual accounting period are transferred into a common, accumulated net asset account representing claims on assets (monies) which in future periods may be expended for any organizational purpose properly approved by the Conference or its designated representatives. Funds in either group (restricted or unrestricted) may originate as budgeted or nonbudgeted.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019 (CONTINUED)

Basis of Accounting

The Conference accounts are maintained on the modified cash basis of accounting; consequently, most apportionments, contributions and related assets are recognized when received rather than earned, and most expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Conference considers cash and cash equivalents to include time deposits, certificates of deposit, sweep accounts, money market funds, and highly liquid debt instruments with maturities of three months or less at the date of their acquisition.

Investments

The Conference has adopted FASB ASC 958-320, *Investments- Debt and Equity Securities*. FASB ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of support and revenue, expenses, and changes in fund balances. Unrealized gains and losses are included in the change in net assets. Realized gains and losses on investments are calculated on a moving cost average.

The Conference's policy is to carry its cash in interest-bearing accounts and to invest cash in excess of immediate operating requirements in income-producing investments. Cash and temporary cash investments of \$3,265,448 at December 31, 2019, were composed primarily of checking and sweep accounts, and are stated at cost.

Certificates of deposit and other investments are carried at fair value. Interest is accrued for amounts earned but not yet received. Unrealized gains and losses are included in the change in net assets. As of December 31, 2019, the fair value of investments was \$16,556,513.

Interest revenue and gains or losses on transactions in marketable securities, and interest from cash and cash equivalents, are included in support and revenue from nonbudgeted funds.

Apportionments Receivable

To reflect cash receipts and disbursements in the appropriate budget period, the financial statements include certain transactions, which occurred during the first three weeks subsequent to year-end and exclude such transactions for the similar period at the beginning of the year. Such receipts have been classified as Apportionments and Other Receipts Receivable, and the related disbursements have been classified as Obligations Payable on Current Year's Budget, on the Statement of Assets, Liabilities and Fund Balance – Modified Cash Basis. Apportionments receivable represent amounts

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019 (CONTINUED)

contributed for the period ending December 31, 2019. All apportionments receivable are considered contributed support and are expected to mature in the next fiscal year. Based upon prior experience, management does not consider it necessary to provide an allowance for doubtful accounts.

Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the financial statements.

Plant Assets and Related Liabilities

Under the modified cash basis of accounting, the costs of property and equipment acquisitions are recorded as operating expenditures at the time of purchase. Property and equipment acquisitions are recorded at cost, estimated cost, or if donated, at fair market value on the date of donation. It is the Conference's policy to capitalize assets costing \$1,000 or more.

Land, buildings and major items of equipment and furniture purchased by the Conference are not a responsibility of the Conference Council on Finance and Administration. Legal title to these assets is held by the Board of Trustees of the South Georgia Annual Conference of The United Methodist Church, Inc.

The Board of Trustees owns other office and residence buildings and land throughout the State of Georgia. The underlying mortgages and assets are the responsibility of the Board of Trustees and are not reflected in the accompanying financial statements.

Income Taxes

The Conference is exempt from federal and state income taxes as a religious organization.

NOTE 2 – CONCENTRATIONS OF CREDIT RISK

The Conference maintains its demand deposit accounts at two institutions in Georgia which, at times, may exceed the amount insured by the Federal Deposit insurance Corporation (FDIC) of \$250,000. The Conference has not experienced any losses in such accounts. The Conference believes it is not exposed to any significant credit risk on cash. At December 31, 2019, the Conference has unsecured deposits totaling \$987,439.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019 (CONTINUED)

NOTE 3 – INVESTMENTS

Investments as of December 31, 2019 were \$16,556,513 and are summarized as follows:

Description		Fair Value
Morgan Stanley	\$	14,975,235
Georgia United Methodist Foundation		1,581,278
Total Investments	\$_	16,556,513

As of December 31, 2019, unrealized gain on the Conference's investments was \$589,687.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Conference's investments are reported at fair value in the accompanying statement of assets, liabilities, and net assets. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Conference believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The investment assets are classified in their entirety based upon the lowest level that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Conference's financial instruments as of December 31, 2019:

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019 (CONTINUED)

		Level 1		Level 2	Le	vel 3	 Total

	\$	14,975,235	\$	1,581,278	\$	_	\$ 16,556,513		

NOTE 5 – CAPITAL ASSETS

The following is a summary of certain capital assets that were purchased by the Conference and utilized in administration or program services. These assets are carried on the Board of Trustees' books as explained in Note 1. The Conference has compiled capital asset listings as required by the General Council on Finance and Administration. These assets are stated at cost or management's estimate of cost as follows:

NOTE 6 – PENSION BENEFIT PLANS

For its ministerial personnel, the Conference participates in pension programs administered by Wespath. Accordingly, responsibility for full disclosures related to the program rests with the General Conference. Contributions are calculated on "pension plan compensation" which is defined as the minister's taxable salary plus a housing component. When a minister's status is one that is eligible for pension benefits and contributions are made for the minister, the minister is immediately vested.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019 (CONTINUED)

Benefits for services rendered prior to January 1, 1982, are in a plan called the "Pre-82 Plan", and annual contributions represent the actuarially determined amount required to fund future pension payments. The unfunded portion of those benefits is unfunded service costs, which is being funded through the conference budget, funds raised in the pension campaign held in the 1980's, and a bequest left to the Conference by W. I. H. Pitts. The South Georgia Conference is required to fund all past service costs over a 40-year period which ends December 31, 2021. The South Georgia Conference met these obligations during 2019. Some liability remains due to market risk and changing lifespan. Wespath will continue to evaluate the actuarial liability and asset value and will bill accordingly.

Beginning January 1, 1982, the clergy pension plan was changed to the Ministerial Pension Plan (MPP) with defined contributions into each minister's account. At the time of a minister's retirement at least 65% of the balance in the minister's account is turned into an annuity. Contributions to the Ministerial Pension Plan ended on December 31, 2006.

Beginning January 1, 2007, the Clergy Retirement Security Plan (CRSP) was established. This plan has two parts: a defined benefit plan and a defined contribution plan. From January 1, 2007 through December 31, 2013, the benefit from the defined benefit plan is based on 1.25% of the Denominational Average Compensation (DAC) of the year that the minister retires times the number of years of service the minister has in the CRSP plan; beginning on January 1, 2014, this amount was lowered to 1% of the DAC. This benefit is paid to the minister (with the option of including the minister's spouse) over their lifetime. The defined contribution plan is a 403(b) plan and this money is available to them at the time of retirement. This plan is directly billed to local churches.

Ministers are encouraged to contribute a portion of their salary into the United Methodist Personal Investment Plan (UMPIP) which is an approved 403(b) plan. This plan is voluntary with the ministers having control over how the funds are invested. Local churches are billed directly by and the money is paid directly to Wespath for this plan.

Lay employees of the Conference are eligible to participate in the United Methodist Personal Investment Plan (UMPIP) after working for the Conference for one year. The Conference contributes 9 % of their salary if the lay employee contributes at least 3 % of their salary. Lay employees are immediately vested in this plan.

During the year ended December 31, 2019, the South Georgia Conference contributions to the various pension plans are summarized below:

Pre-82 Plan	Defined Benefit	\$ 1,721,726
CRSP	Defined Benefit	1,644,642
CRSP	Defined Contribution	802.979
UMPIP	Contributions for lay employees	48,929

NOTE 7 – OTHER BENEFIT PLANS

The Conference sponsors a defined benefit supplemental death benefit plan, which covers substantially all active and retired clergy members. The Comprehensive Protection Plan is fully funded each year and is paid through apportionments by the Conference. The participants do not make contributions to the plan.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019 (CONTINUED)

The Annual Conference assists retired clergy and their families in securing Medicare supplement policies to provide for their post-retirement medical needs through VIA. The Annual Conference provides a Health Reimbursement Account to clergy based on years of service in South Georgia, and participation in the Conference health insurance while active. In 2019, clergy with 10-19 years of service and participation in South Georgia received \$158 a month and a onetime 10% bonus payment of \$95; clergy with 20 or more years of service and insurance participation received \$210 a month. As long as the cost of this benefit is affordable the Conference will continue to fund a portion of the cost of a Medicare Companion plan for our retired ministers.

As of January 1, 1993, the provisions of Statement of Financial Accounting Standards (SFAS) No. 106, *Employer's Accounting for Post Retirement Benefits Other Than Pensions*, were adopted. Legal opinion has been obtained that the plans described above are multi-employer plans as that term is defined in Paragraph 79 of SFAS No. 106. Accordingly, the post retirement benefit costs are recognized on a current period basis and were as follows for the period January 1, 2019 to December 31, 2019:

Post retirement medical plan

\$ 498,250

NOTE 8 – LEASING ARRANGEMENTS

The Conference maintains offices in Macon, Georgia, in a building owned by Middle Georgia Properties. The offices are leased under a three-year operating lease expiring in July 2016 with a three-year renewal option. Rental expense under this lease amounted to \$32,850 in 2019.

NOTE 9 – EVALUATION OF SUBSEQUENT EVENTS

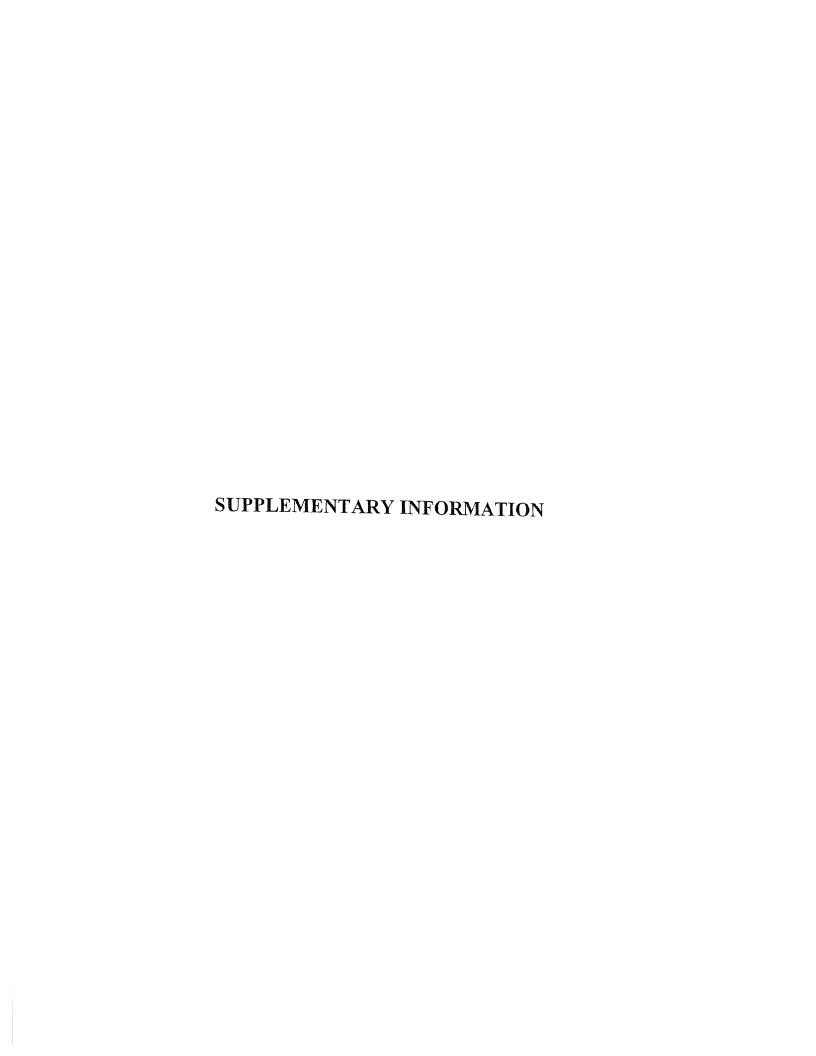

The Conference has evaluated subsequent events through June 10, 2020, the date which the financial statements were available to be issued.

In March 2020, the World Health Organization officially declared a pandemic relating to the novel coronavirus outbreak known as COVID-19. The pandemic has adversely impacted the Conference's operations and cash flows. The economic impact of COVID-19 along with its associated closures and restrictions has resulted in a decrease in income for local churches and a decrease in apportionment payments to the Conference. Due to the decrease in cash flows and to avoid any personnel layoffs, the Conference applied for and subsequently received a loan from OneSouth Bank via the Paycheck Protection Program (PPP) funded by the U.S. Small Business Administration. The loan was approved on April 22, 2020 in the amount of \$535,935. The PPP loan is forgivable subject to certain conditions. The Conference anticipates meeting these conditions during 2020.

The future of the United Methodist Church is uncertain. There are various proposals for church divisions up for consideration by the General Conference. It is unclear whether the Conference will move to a new denomination as a body or fracture into smaller segments. The uncertainty makes it difficult to determine what the staffing needs will be in the future. In June 2020, the Director of Connectional Ministries and one of the Associate Directors were appointed to serve local churches. The Bishop, in consultation with the Cabinet and other Conference leaders, decided to leave those positions vacant until future staffing needs are determined.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019 (CONTINUED)

Beginning January 2020, the Conference entered into a lease agreement with Ingleside Outreach Ministries, Inc. The lease agreement is from January 28, 2020 to June 30, 2021. The rental agreement calls for the Conference to pay \$3,500 per month in rental fees. The Conference subleases a portion of the offices to the Episcopal Office.
